

Saints — Past, Present and Future

Dear Friends,

We often say of another person, "She/He is a saint." We mean that the person inspires and challenges us to leave our comfort levels in order to relate to and serve "the stranger." Perhaps we can all name someone who does this.

Ursuline Sisters throughout the world will literally be able to say this in 2014, as Ursuline Sister Blessed Marie of the Incarnation becomes a saint.

From Sister Nancy Dawson General Superior

Catholic News Service reports that Marie of the Incarnation, an Ursuline missionary to Canada, will be canonized by Pope Francis before the end of the year. Marie of the Incarnation, born Marie Guyart, was the first Ursuline to arrive in North America, landing in Quebec on July 4, 1639, where she embraced Native Americans.

Born Oct. 28, 1599 in Tours, France, Marie was married at an early age (arranged by her parents) and had a son, Claude, who became a Benedictine priest in 1641. After her husband's death, she entered the Ursuline order.

Marie was beatified on June 22, 1980 by Pope John Paul II. Her canonization demonstrates that we are all potential saints in whatever walk of life we engage.

As this Lenten Season quickly approaches, let each of us, like Marie of the Incarnation, leave our comfort zone and undertake a new, adventuresome journey of embracing "the stranger" in the multiple forms that invite our presence at this time.

The Ursuline Sisters of Youngstown thank God for another Ursuline Sister who will join the "Communion of Saints."

Join us in welcoming residents to Ursuline Sisters Senior Living apartments, our newest ministry.

Ursuline Sisters in the Classroom

Were you taught by an Ursuline Sister of Youngstown? Generations of people in the Mahoning Valley were. After all, we're celebrating our 140th anniversary this year!

We once were known as a teaching community. Today our Sisters have diverse ministries, but many are still in schools. Take Sisters Regina, Jan and Carole for example.

Sister Regina Rogers

Sister Regina Rogers is assistant principal at Ursuline High School, Youngstown, heads the Service Program, and has ministered as a religion instructor there. "I've been here over 30 years," she says. "It's a wonderful place to be. It's a great experience to see students grow."

For 36 years, Sister Jan Gier has ministered as a teacher and administrator in grade schools and preschools. Currently she teaches kindergarten at St. Stephen School, Niles. "I love teaching," she proclaims. "Kindergarten's my favorite grade because the students are so enthusiastic. The children love to learn and get excited about simple things."

Sister Jan Gier

Ministering as an intervention specialist is Sister Carole Suhar. At St. Rose School, Girard, she works with students who need a little extra help with their subjects. For nearly five decades, she's ministered as an instructor and administrator. Of teaching, she says, "I absolutely love it. It's the best way to reach children. They're so open to what you say."

Water With Blessings Has Blessed Us, Too

Isn't it amazing how ideas can blossom into the wonderful and unexpected?

That's what's happened to us with the Water With Blessings project. Sister Norma Raupple (standing at center above) learned of the program from its founder, Sister Larraine Lauter, an Ursuline Sister from Kentucky (standing at left), at the North American Ursuline Convocation last July. It inspired Sister Norma so much that in December she led a team to the U.S.-Mexico border with filtration systems for families who have terrible H₂0. At \$60 apiece, these were bought with gifts from our Associates, family, friends and the team.

250 families now have clean water, and Sister Norma and the team shared a strong faith experience. Four of the young women (at left) volunteered with us previously and continue to be involved, some as Companions in Mission.

For more on this story and additional photos, visit our blog at theursulines.org.

Above, Sister Larraine teaches "Water Women" how to use the filtration systems.
